CAREER SERVICES OFFICE

# Recruiting Strategies

## On-Campus Recruiting Program

Our Career Services Office encourages \*on-campus recruitment and facilitates interviews from October to December in the fall, and February to May in the spring. To meet your recruiting needs, our office uses JobGrove, an online career management system. Please visit the following website to access this system and utilize its services:

[www.gcc.edu/jobgrove-employer](http://www.gcc.edu/jobgrove-employer).

- Pre-select Interview Schedule: Students submit their resumes to your job/internship posting, and you select which students you wish to interview.
- Open Interview Schedule: Students sign-up to interview for your job/internship posting on a first-come, first-served basis.

## Post Your Opportunities

You can post your job and internship openings through our online system, JobGrove, and interested students will submit their resumes to your postings utilizing the application instructions you specify.

## Information Sessions

Many employers conduct on-campus information sessions in conjunction with or in lieu of an interview day. Whether seeking to generate general interest for your organization or targeting a specific group of students, employers will find a variety of professional meeting facilities right on campus to host these sessions.

## Career Fair

The College's Career Fair, our office's largest recruiting event, is scheduled in the fall of each year and is open to employers and graduate schools who are interested in recruiting Grove City College students for \*full-time entry level positions and internships. The 18th Annual Career Fair drew 171 registered employers and graduate schools, as well as around 1200 students. The next Career Fair is scheduled for Wednesday, September 27, 2017. Registration opens in the summer of 2017 through our online system, JobGrove. Visit the following website for more details: [www.gcc.edu/careerfair](http://www.gcc.edu/careerfair).

*\*For employers looking to recruit our students through our On-Campus Recruiting Program and/or Career Fair, positions should generally be full-time entry level, salaried opportunities and/or internships (paid/unpaid) that are substantive in scope. Overall, our office reserves the right to screen all organizations for participation in these services.*
