CareerBridge Policy:

Thank you for choosing CareerBridge for your recruiting needs. Please read the following policy statement. If you agree to abide by the terms of the policy, please follow the link at the bottom of the page to CareerBridge.

Employers who register with CareerBridge may post available positions at no charge. CareerBridge is utilized by both University of Hartford students and alumni who are seeking full-time and part-time employment as well as internship opportunities. The system will enable you to establish an employer presence, list/edit employment opportunities, and remove job postings once filled.

Job Postings:

In using CareerBridge, you and your organization must comply with all Federal and State Equal Employment Opportunity (EEO) standards. All job postings must contain accurate information about the positions(s) offered, as well as the organization offering employment.

We will not post any job or position that requires a financial investment on the part of our students/alumni. The University of Hartford complies with the [Principles for Professional Practice](#) outlined by the National Association of Colleges and Employers, and we expect the employers with which we do business to do the same.

Information regarding students and alumni obtained from CareerBridge is to be used solely for staffing open positions within your organization and cannot be shared outside your organization or used for any other reason. The Career Services Office reserves the right to edit, delete, or refuse any employers profile, job posting, or login account at any time.

By posting your positions on CareerBridge, you are agreeing to abide by the policies set forth.
